- Military Veterans and Family Members - **FREE** support is available through the charity PTSD Resolution.

Online sessions are available to ages 16+ only. Proof of status is required where relevant.

Additional Information

- a) Any pre-agreed longer or shorter sessions are charged on a pro-rata basis.
- b) The session fee is subject to revision from time to time. Advance notice will be given of any increase.
- c) Human Givens therapists aim to meet the needs of their clients in as few sessions as possible and do not charge in advance for a course of treatment.
- d) **Any extra work undertaken on the client's behalf**, such as meeting with, making phone/video calls to, writing reports or letters for other agencies will be charged at the standard hourly rate.

Healthcare Insurance

If you intend to fund your psychotherapy through a private health insurance, please note that we are only able to accept clients whose treatment is authorised and covered by Aviva. It is your responsibility to contact Aviva prior to commencing sessions to confirm that your policy provides cover for Human Givens psychotherapy/counselling, and to establish the number of sessions authorised under your policy. Before your first appointment, you must provide us with your full name, date of birth, home address, Aviva policy number, and the relevant authorisation number for Human Givens psychotherapy/counselling for invoicing purposes. Please also note that each invoice issued for sessions will incur an additional £10 administrative fee to cover invoicing and

associated administration time. Any sessions or charges not authorised or reimbursed by Aviva will remain your personal financial responsibility.

Personalised Guided Imagery

At your request, we can record a personalised guided imagery for you. Each recording will be charged at £70. This guided imagery is for your sole use and must not be shared with third parties. It must not be listened to when driving, operating heavy machinery or in any other situations where distraction may put your safety or that of others at risk.

Payment Methods

If it is convenient for you, payment may be made in advance by bank transfer. Otherwise, payment for each therapy session is due **on the day of your session**. If a bank transfer is not possible, we also accept payment in cash.

An invoice will be sent to you by email in advance. If payment has not been received by the end of the day of your consultation, an administration fee of **£15** will be charged.

If you are experiencing financial difficulties that may make it difficult for you to pay for your sessions, please **talk to us**. We understand that circumstances can change, and we would much rather you speak to us so that we can discuss your situation together and see how we can help.

Cancellation Policy

Since scheduling of an appointment involves the reservation of time for your individual session, a minimum of 48 hours is required for rescheduling or cancelling client appointments. Unless we reach a different agreement, **the full fee will be charged for session missed without such notification**.

In the event of a serious accident, emergency, or other similar situation outside the client's control, please deal with the situation first and notify us at the earliest convenient time, or we will follow up with you typically within 24 to 48 hours of the missed appointment.

No Show Policy

Where an appointment is arranged and agreed, and a client does not attend that appointment, **the full fee will be charged for the session missed**.

Contact between sessions

Therapy works best when we use our sessions together as the main place for therapeutic work. If something practical arises between appointments, such as

rearranging a session or an administrative query, you are very welcome to email us. We cannot offer therapeutic support by email, text or messaging between sessions, and we do not provide an on-call or crisis service. If you are experiencing significant distress between appointments, we will discuss appropriate strategies and sources of support during therapy, including who to contact in an emergency. Occasionally you may wish to share a brief update before a session. Whilst we will always do my best to read important information, we cannot guarantee that we will be able to respond before your next appointment. Any therapeutic issues will usually be explored during our scheduled session.

Protection of Client and Therapist

It is recognised that some clients may be particularly vulnerable, especially young people. We reserve the right to record consultations, if deemed appropriate, for the protection of both client and therapist. We will discuss this with you first.

Alcohol and Drugs

To ensure that counselling can be conducted safely and effectively, clients are asked not to attend sessions while under the influence of alcohol or recreational/non-prescribed drugs. If we believe that you are under the influence or impaired to the extent that counselling cannot safely or effectively take place, we reserve the right to end the session. In these circumstances, the full session fee will remain payable.

Outcome measures

We use various measures to gauge your progress and response to treatment. If you are happy to do so, you may be asked to complete a brief anonymised questionnaire to help the therapist understand your needs, how best to help you and to evaluate outcomes.

Your Personal Information

Your personal information will be kept in accordance with the Data Protection Act (2018) and the General Data Protection Regulation (GDPR).

Please see our Privacy Policy (attached) for full details of the information we process.
